

We need you.

We are looking for a hands-on colleague, who is interested to continuously improve our Salesforce ecosystem. This role combines business analysis / requirements engineering, testing, 1st-level support and leading projects to introduce new features as well as making sure changes are being communicated to important stakeholders.

You will work closely within your team (including one admin and one architect/developer) and our most important stakeholders: Salesforce Key Users, Sales, Customer Operations, Marketing and data engineering.

The annual gross salary for this position ranges between €60,000 and €80,000, depending on qualifications and experience.

Your Tasks

- Own and manage the Jira backlog, ensuring incoming requests, bugs, and improvements are captured and prioritized effectively
- Prioritize initiatives based on business impact, user needs, and strategic objectives
- Translate requests into clear, actionable user stories, process flows, and functional specifications
- Define acceptance criteria and ensure requirements are complete and testable
- Prepare and execute functional and user acceptance testing (UAT)
- Drive release communication and enable stakeholders, key users, and training teams to successfully adopt changes.

Your skills

- Experience as a Product Manager, Business Analyst, Salesforce Administrator / Enabler or similar role
- Strong organizational and analytical skills, with the ability to manage multiple topics and solve problems pragmatically
- Good understanding of Salesforce Sales Cloud and CRM processes (including Salesforce reporting)

- Experience gathering and documenting business requirements
- Hands-on experience with testing and validation of business applications
- Comfortable working in an agile environment and collaborating across cross-functional teams
- Familiarity with Jira, Confluence, or similar tools
- Excellent English communication skills, both written and spoken - German is a plus

Your Benefits

- Bring your dog to the office
- 6 week vacation
- Mobile devices also for private use
- Drinks, food & goodies
- Restaurant vouchers and employee discount
- Transparent, competitive salary
- Up to 12 weeks Workation
- Remote work option
- Trust-based working hours
- Communication on equal terms
